(Actual size)

Simple, Smart, and Sleek.

NevoC2 is a perfect blend of superior control, personalization, and elegant design. It controls up to 18 devices covering virtually every brand of home theater equipment available. NevoC2 includes a rich 2.2" color display that your installer can personalize to fit your unique needs. With a single button press, you can turn on the TV, audio receiver, DVD player, and adjust the inputs. You can have buttons with network logos that automatically tune to your favorite channels. You can even create favorite channel pages for each member of your family.

>> **NevoC2 Benefits**

- Rich 2.2" color display
- Controls up to 18 IR devices
- 41 programmable hard keys plus 12 display navigation keys
- IR learning
- Blue backlight
- Software controlled tilt switch
- Software controlled audio, 3 tones available

Nevo is sold by professional installers only.

# Two easy steps to personalize your NevoC2

Your home entertainment control interface can be customized based on the personal preferences you choose. It only takes two easy steps to ensure that using your system will be simple and enjoyable for everyone in your home.

## Step 1: Activities

Select an activity.

## Step 2: Favorites & Personalization

Select your favorite channels.

## Step 1: Activities

An activity button sets up your entertainment system for a given activity with a single button press. For instance, a "Watch Movie" activity button may turn on your TV, audio receiver, DVD player, and select the proper inputs. It then jumps to a page where volume keys control the audio receiver and transport keys control the DVD player, all in a single button press.

Select your Activities from the list below:

- Watch TV
- Watch PVR
- Watch Movie
- Play Music
- Play Games
- Listen to Radio
- Listen to CD
- Other: \_\_\_\_\_
- Other: \_\_\_\_\_

## Step 2: Favorites & Personalization

A favorite button is simply a button dedicated to selecting your favorite channels. It can display your choice of the channel logo or simple text. When you press the favorite button, it will send out the necessary information to change your tuner to that selected channel with a single button press. In addition, you can even group the favorite channels for each member of your family. This is called a profile. For instance, each member of your family can have their own favorites page as shown here for mom, dad, and kids.

Please indicate what channels you would like in your favorites list. If you want to group them into profiles, indicate which channel should go in each group.

To help us configure your Favorites properly, please provide the following information:
