

**NevoLink™ is an IP addressable Intelligent Bridge that enables whole home control using Nevo<sup>SL</sup>**

### **Total accessibility to entertainment devices anywhere in the home**

- Control devices in another room or hidden inside cabinets away from view
- Built in and external IR Extenders allowing for wide and targeted IR coverage

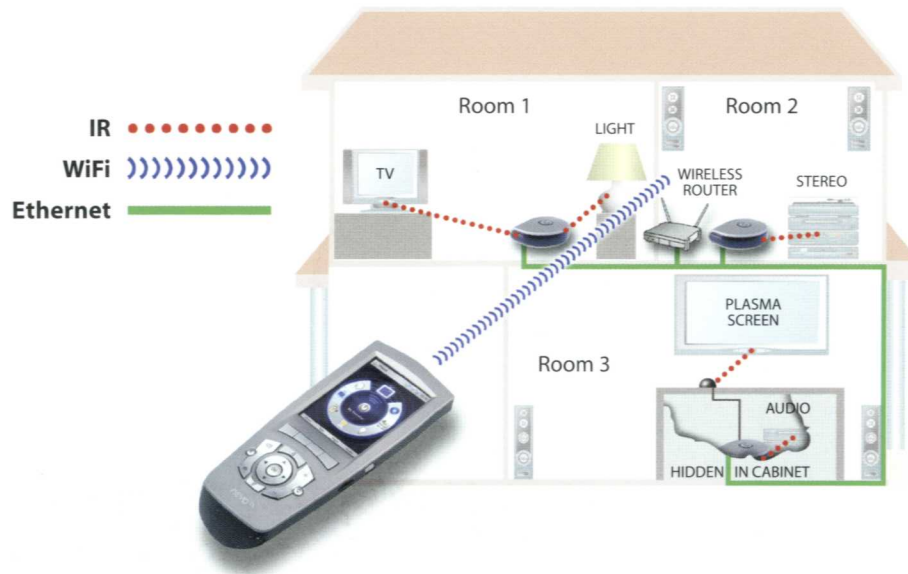

### **Easy installation, set up and management**

- Built-in Ethernet port for flexible connection to a home network
- NevoLink communicates directly with Nevo Studio allowing for automatic discovery and configuration over the home network
- Suitable for applications of any scale, ranging from 1 up to 250 NevoLink nodes

### **Future-proof**

- Compatible with virtually all home audio/video devices and upgradeable to adapt to new devices entering the home
- Powered by Universal Electronics' world class connectivity software

NevoLink enables Nevo<sup>SL</sup> to control devices that are inside a cabinet or located in different rooms.

#### NevoLink PACKAGING CONTENTS

- NevoLink
- AC/DC Power Adapter (110-240V, 50-60Hz)
